

HARRISBURG AREA TIMEX SINCLAIR USERS GROUP NEWSLETTER SEPTEMBER 1989

There was no meeting on August 11th. This was mainly due to hospital duties and telephone strikes.

The next meeting is scheduled for September 8th at the usual time and place.

Keith Kapp and I were able to attend the A.C.E. Users Group picnic. Due to rain it was moved to the Camp Hill Mall Community Room. Present were two general computer groups including the sponsor, A.C.E. Also present were Amiga, TI, CP/M-MSDOS and Sinclair groups.

Just a reminder but dues are due for most people in the group during August and September. The date on the upper right hand corner of your mailing label is your last issue. Dues are still \$10 per year and payable to me.

NEXT MEETING

FRIDAY SEPTEMBER 8TH

6:30 TO 9:30 PM

CAMP HILL MALL COMMUNITY ROOM

IMPROVED Z88 - QL CABLE

Here is a cable that I came up with to transfer files between the QL and the Z88 using the xmodem protocol. Xmodem did not work on the previous cable that I published here. I am using Z88COM on the Z88 and Q_Link on the QL. Q_Link is shareware and Z88COM is publicly available but not public domain.

Dave Bennett, editor
Harrisburg Area TSUG Newsletter
329 Rear Walton Rd.
Lemoyne, PA 17043

Dear Dave,

Enclosed is a LLISTing for my
MEDICARE INCOME TAX CALCULATOR
Program.

If you would care to publish
this in your newsletter you have
my blessing.

At this time my production com-
pany, A*B*B*A SOFTWARE, no
longer supports the TIMEX/
SINCLAIR family of computers and
all programs published up to
this date are placed in the
public domain.

I will however, from time to
time write a program which will
be submitted to UG newsletters
for publication.

I have a conversion of this
MEDICARE ITC available for the
T/5 1000/1500 and the PC8300 and
will send a LLISTing to anyone
for a SASE.

This program is being submitted
to all other known newsletters
and publications.

Sincerely,

Herb Bowers

0>REM Medicare Income Tax
by Herb Bowers, Sr.
071189

1 REM Starting with your 1989
returns, all individuals eligi-
ble for Part A Medicare benefits
will be subject to a tax "sur-
charge" if their tax liability
exceeds \$150. The amount of the
surcharge will be based on tax
liability, with a maximum tax of
\$800 for 1989.

2 REM If you are ELIGIBLE for
Part A coverage, the surcharge
will apply; you may not avoid
the tax by waving Medicare ben-
efits. Those eligible for Part A
coverage include ALL individuals
age 65 or older and other young-
er disabled persons.

3 REM The tax will not apply in the first year you become eligible unless you are eligible for more than 6 months of the year.

4 REM If both you and spouse are eligible for Part A the annual tax ceilings are doubled.

5 REM If only one spouse is eligible and a joint return is filed, the limit applies but the tax is based on 50% of the joint return liability regardless of which spouse earned the income.

6 REM TAX CEILINGS

1989	\$800
1990	850
1991	900
1992	950
1993	1050

7 REM Filing separate returns will not reduce the liability. Unless spouse live apart for the entire year, the tax ceiling in 1989 for each spouse on a separate return is \$1600, rather than \$800 making the maximum possible tax \$3200. If only one spouse is eligible both are treated as eligible on separate returns; the \$800 ceiling applies.

8 REM This short 2K program will quickly and accurately calculate the MEDICARE TAX for you. TO USE: Simply enter your tax liability from your 1988 income tax return or enter the amount of your estimated 1989 tax liability.

9 REM The IRS will publish a table to be use for the calculation of the tax but in the meantime you can determine the tax for yourself.

This is part of a letter that I received from Pete Fischer alias Phoenix Pete ...

"One is to assure you that SNUG is alive and well. We lost our first 2 Newsletter Editors for various reasons. Then Mel's wife got ill & is in the hospital. Mel has temporarily stepped down, leaving Paul Holmgren in charge. Frank Davis, as head Librarian has amassed about 1000 programs for the 2068. Paul & I are working to get a newsletter out"

Pete also talks about a network of Sinclair BBSs that exchange messages with each other via Fidonet. The member Fidonet BBS sends a large packet of messages to other BBSs late at night to avoid high phone charges.

"The third item is SpecDOS by Keith Watson. It now allows full use of Spectrum Software with the AERCO Interface. Available from Jack Dohaney. I didn't know the price."
